DECARBONISING ITALY'S ELECTRICITY SYSTEM

DELIVERING THE ENERGY AND CLIMATE SUSTAINABLE DEVELOPMENT GOALS

Roma Eventi - Piazza di Spagna - Via Alibert, 5/A

*Co-organized with the European Climate Foundation, the event will be an opportunity to discuss the current and future process of decarbonisation of the power sector in Europe and in Italy, including its implications at the policy, industrial and social level. With a **special deep-dive on Italy**, the newly published Energy Union Choices report "Cleaner, Smarter, Cheaper: Responding to opportunities in Europe's changing energy system", will provide stimulating inputs to the discussion. The event will be moderated by Alessandro Farruggia, Quotidiano Nazionale. Working language: English.*
